Enquiry details

I am using this form to object to the above application as prefer my comments to be private due to living next door. I feel the positioning of the Shepherd's hut would have a negative impact on our privacy as the opening doors look directly on to our property. The properties in Kingsley View are close together and the Hut will take up a large proportion of the garden. I feel strongly that when planning permission was obtained to build this development it was for residential dwellings and it is obviously designed as a residential estate and that is how it should remain. Whilst I completly support tourism in our area, this is not the right place it needs to be an individual property in its own grounds. Whilst not in favour of the previous annexe application I did not object as believed that would be the extent of the business development. Traffic issues are also a concern as Kingsley View is very narrow with no pavements, there are already too many cars using the main access and parking roadside.

Isobel Salt. (Mrs)
