Subject: Planning Applications 0017/0774
Date: 18 February 2019 15:22:39
Importance: High

Good Afternoon

Following our Kingsley Parish Council meeting, the Councillors came to the following conclusions:

SMD/2018/0017 – Mr & Mrs Masterson, Staffordshire Caravans, Mount Pleasant Farm, Whiston. Proposed Development: Retrospective application for use of land for the storage and sale of caravans.

Conclusion: ***a. Negative Visual Impact, (prominent site visible over a wide area).***
b. Inappropriate Development.
c. Long narrow farm lane, unsuitable for such business.

There was concern expressed that this was a retrospective planning application, that the business had been operating previously without permission and the application was being made as a result of the matter recently coming to light.

SMD/2018/0774 – Mr & Mrs Chadwick, Land east of Harveys Lane, Kingsley Moor. Consultation of revised plans for proposed erection agricultural building, (apparently a variation on the application considered in January).

Conclusion: Cllrs. agreed to defer to March meeting to consider the revised plans.

Kind regards
