Dear Mr Felstead

Re: New Indirect Connection to the public sewer at: TOPLANDS, SYTCH RD, BROWN EDGE

Notice of Acceptance

Your application to make an indirect connection to the public sewerage system has been accepted. The connection is for the disposal of ***FOUL WATER*** sewage only. All flow restrictions will be as previously agreed with our Asset Protection team.

This acceptance in no way gives permission to cross third party land and you must obtain this from the landowner prior to making the connection.

Any changes are to be agreed with Severn Trent Water Ltd prior to starting works on the public sewer system.

Should any person undertake a connection(s) to a public sewer before it has been approved and inspected by the Company representative, that person will under Section 109 Water Industry Act 1991 (as amended by the Water Act 2003) be guilty of an offence. The connection(s) will be closed and all expenses incurred recovered from that person.

If you need any further help, please contact me on the number above.

Yours sincerely

Joel Haden
Infra Design Technician
