Application Reference No. : SMD/2016/0759 Site Address: 7 New Road Werrington Staffordshire ST2 9DY Stoke-on-trent Comments by: Gina Harrison
From:

Submission: Objection
Comments: I wish to object to the application due to excessive amounts of cars that travel at speeds in and out of the property, if there were further beds added this would result in further vehicle movements? I have young children and for thus part of the road that is a similar layout to a culde sac the vehicles move too fast and too often not the same amount as you would have from a house.

Also their staff and visitor¿s regularly park all outside my house on the pavements making it difficult for my children to ride bikes etc due to the sheer volume of their staff visitor cars parked up to 5 away from the property their current parking arrangements aren't satisfactory without bringing more cars due to increased children in their care be it extra staff to look after them or visitors etc.

Please refuse application on these grounds
