Marshalls Natural Textured Utility Paving Patio Slabs - 450 x 450 x 32mm (64 Slabs)

If you want your patio to be a focal point of your back garden, then choose **Marshalls Natural Textured Utility Paving Patio Slabs - 450 x 450 x 32mm (64 Slabs)** – with the addition of some stylish garden furniture on top and a few plant pots you will have all you need to enjoy your garden all summer long in the company of family and friends.

Marshalls Natural Textured Utility Paving Patio Slabs - 450 x 450 x 32mm (64 Slabs) are a versatile, natural shade with a beautifully textured finish. They are also extremely hard wearing so will withstand wear and tear and the harshest of weather conditions, from bright sunlight to driving rain, while retaining all of their natural beauty for many years to come. The simple design of the slabs mean they will work in harmony with any setting, from the classic to the modern. Supplied with a guarantee of quality for complete peace of mind, each slab in the pack of 64 slabs measures 450 x 450 x 32mm and has been manufactured by Marshalls to the highest quality.

Marshalls offer the very best in quality, material and finish, Marshalls offers a wide range of products from paving to driveways and being the UK's leading landscape manufacturer you know the products you are receiving are the very best. Marshalls offer natural stone and innovative concrete products so you are not short with choice when choosing marshalls for your home.

This textured utility paving is the perfect low-cost patio for your garden area, with its stunning light shot blasted textures and simple design this product will match any area, traditional or modern.
