Comments: I approve if this planning application as this will help boost trade within the town and surrounding area. Also as a single mum this is a great idea for camping get aways to treat the children tona holiday, as us with lower Incomes cannot afford to go far for holidays but know the children would enjoy a local camping mini break.

The town lacks places to stay for those traveling from further a field and this planning application will provide a great place to stay whilst being local to the town to promote and boost the town's trade and assets too. This could also increase employment if trade increases then so can job opportunities.
