Submission: Support
Comments: I support this in principle as I believe that there is a need for smaller and more affordable housing. My only question is that although these 1 bed houses are close to the town centre and this might mean that you would not need a car to get about, but if you did, is there any parking? Another reason for support is that The high street is in decline and these houses need renovating, as this is one of the first buildings you see as you enter Cheadle from that direction. It will look much better than worn out old buildings.
