Date: 28 August 2019 08:50:01

Dear Sir

Please could you accept this objection to the DOC notice. The Demolition, Construction & Environmental Method Statement (V2) (Ref. R9051-SMH-18-XXMS-U-0001 August 2018) clearly sets out a number of actions that needed to be taken to ensure safe use of this temporary haul road. These have not been met by the developer – in particular I can raise the following:

- The lack of banksman at the agreed places
- Lack of barrier to control traffic entering and leaving the site – resulting in cars and traffic using the road at speeds of up to approximately 40mph
- Working outside of contracted hours – reported on numerous occasions
- Lack of cleaning of Woodlands Lane
- Damage to the residents section of Woodlands Lane not being repaired

In light of the lack of regard for local residents welfare and the conditions of the planning approval, I object to yet further conditions being discharged that note that these conditions are already in place.

Yours sincerely
Paul Meredith
