Hi James

Thank you for your consultation re the above dated 8th August.

I visited the site on Monday 19th August and would comment as follows:

- The parking provision is currently a single driveway space off Willfield Lane backed by a garage that appears not be used for parking and in any case would be substandard in size.
- Pedestrian and vehicular visibility from the driveway are poor – especially towards High Lane – which is exacerbated by the narrow footway.

As the proposals are to increase the number of bedrooms I would request that the plans are revised to include an additional parking space and to improve pedestrian/vehicular visibility from the access.

Happy to discuss if you need any further information or if you would prefer a Form X response at this stage.

regards
