15TH Sept. 2019

Dear Sir.

R.E. SMO/2019/0467.

I am completely opposed to this development being allowed, as this will result in a complete loss of privacy, as our main living areas face the site. The plan is for a single dwelling, but obviously with two more to follow, which would be right behind my house. I feel that to allow the development would potentially mean six more cars in and out onto Congleton Road, already a very dangerous junction. I would hope that you give my concerns fair consideration. Thank you.

Yours faithfully

P. S.

You are cordialy invited to come to my house to see the situation.
