Dear SMDC

REF PROPOSED DEVELOPMENT SMD/2019/0566.

I understand from recent notice that mr and mrs arrowsmith have applied for planning permission to build a two story extension to there property at no 32 tittesworth Avenue. I would like to raise our concerns for this development work . The position of there garage on which they propose to build over looks over our property. We have a window on our stair landing which we receive natural light from . We feel that not only would the building work block out our light coming into the house but will also block out light at the front of our property. We therefore believe this could not only devalue our property but my jeopardise a future sale. We would appreciate if someone could connect us to discuss this matter in further detail.

Kind regards
Mr and mrs simcox.
