Comments: Whilst Bagnall Parish Council has no objections in principle to this application, we would like to raise concerns around the access to the property and the potential parking issues.

A total of four properties front onto Stanley Moss Lane, and there are worries that residents, or people visiting the properties, will park on the already very narrow lane. Although this road only serves a small number of houses, it is already very busy with a number of users travelling at considerable speed down the lane. People walking along the roadside have reported having to quickly jump to the side of the road to avoid being knocked over. Vehicles parked on the roadside will only add to the problems.

Our concerns have been forwarded directly to the Highways Department at Staffordshire County Council, with a request for consideration to be given to some form of calming measures or restrictions on parking at as early a stage as possible.
