Drinking trough, Biddulph
I fully support the proposal to reinstate the missing stone features of this Grade II Listed Building. The work is well specified and will enhance this historic structure. I would have a preference for the date of restoration to be on the plaque or in a more discrete part of the structure. The work is to be grant aided by Moorlands Partnership Board.

Conditions:

- Sample of facing material showing dressing
- Details of a plaque and date of restoration are to be submitted prior to installation including details of material, finish and fixing
- Details of any works to protect the structure from vehicular damage are to be submitted prior to installation such as posts, bell bollards or kerbing
- Sample panel of pointing to be submitted
- Details of the central stone finial to be submitted for approval prior to installation, including repair specification if necessary.
