

I, JASON FREDERICK BARR, of Wizard Country Park, Bradford Lane, Nether Alderley, Macclesfield, SK10 4UE, do solemnly declare as follows:

1. I bought Rainroach Park at Auction in April 2007. The site had at that time at least 37 caravans still on site all within the area hatched green on the attached plan.1.
2. There was also a single static caravan located in the adjacent field (hatched pink on the attached plan) which remains there today. I understand this used to be occupied residentially. It was in a dilapidated state when I took on the park which suggest to me it had been there for a number of years previously as I do not think it would have been brought onto the site in that condition.
3. I commissioned a topographical survey of the park to submit with this application for Certificate of Lawfulness and confirm that this survey plan reflects the number and position of caravans on the park at the time I purchased it in 2007 and the park has remained laid out in this manner since that time.
4. A number of caravans have been burnt out due to arson and vandalism on the site. 3 were burnt out at the time of the site survey in November 2014 (as shown on the plan).  
2

I make this solemn declaration conscientiously believing the same to be true and by virtue of the Statutory Declarations Act 1835

Declared by the said
