Jane

Further to your enquiry with regards to the above site, please accept my apologies for the delay in responding. We currently have a backlog of discharge of planning applications and are working through them. I am writing on behalf of my colleague, Rhiannon Thomas.

Having viewed drawing no. 1108-007, I have no objections for the drainage related planning condition to be discharged.

The plan shows the foul water/dirty water discharging to a slurry lagoon and the surface water/clean water to a surface water drain/clean water drain with the latter presumably outfalling to a pond/ditch owned by the relevant riparian owner.

As such no S106 sewer connection is required in this instance. We do not have any public sewers in the area.

Kind Regards

Dear Sirs
Please advise if the attached drainage plan is sufficient to discharge Condition 3 of this above permission.

I look forward to hearing from you
