Re: Proposed development SMD/2016/0649 the planning application for proposed residential development and creation of new vehicular access

We the above wish to lodge our objections to the proposed development for the following reasons

I object to this proposed development on land in the green belt, such designated green belt land should be maintained as green belt and not built on for any purpose. The access road on to Tower Hill Road would be dangerous, as a potential already exists when traffic traveling down Tower Hill Rd to bend turning right in to Brook Street has to travel in the middle of the road, because of parked vehicles at the side of the road. Likewise traffic turning right from Brown Lees Rd into Brook Street with Brook Street traffic, has to get in to the middle of the road to exit the blind bend facing on coming traffic because of vehicles park on roadside opposite CHAPEL & SUNDAY School
