Re: Proposed development SMD/2016/0649 the planning application for proposed residential development and creation of new vehicular access

We the above wish to lodge our objections to the proposed development for the following reasons

- It will open the door to further development onto greenfield sites and add to congestion on very busy roads.
- The corner of Brown Lees Road and Brook Street is dangerous even at this time. A further access road would be very dangerous. Cars pulling onto ~~Brown Lees Road~~ Towerhill Road would not have a clear view of the road to the right. Traffic moves very fast round that corner and includes large vehicles - buses.
