Submission: Support
Comments: This needs to be approved urgently to give the Castle the ability to have a commercial use to sustain the property and land. It will also benefit the local community by creating jobs and tourism to the area. The staffordshire moorlands tourism plan accords 100% with this application as does all local and national planning and conservation policy. As such it is of great benefit and SMDC Cabinet, Councillors, planning officers and planning committee should whole heartedly support and approve this.
