Submission: Objection
Comments: The proposed plans protrude too far to the rear of No 15 blocking light into the rear of number 16. Would suggest re profiling the rear of the planned extension to present this.

The extraction from the proposed kitchen will blow fumes from cooking straight into the windows of the rear of number 16.

On this basis I would request that the application is modified to:

1. Not protrude so far back or profile to 45 degrees to prevent blocking light

2. Reposition the proposed kitchen and extraction to prevent cooking¿s smells entering the windows of number 16.

I would the support.
