, OAKDENE CLOSE
BLYTHE BRIDGE
STOKE-ON-TRENT
ST 11 9NN

S.
Sw,

We have received a letter from you concerning land adjacent to N° 16 in this close, which I believe is due for consideration for building work to be considered. Can I point out that when these homes were built in 1961 surely they built the maximum number that the land would hold.

Since then 2 large structures have appeared at the very top end of the close, bringing with them extra people and several more vehicles.

Surely you are not going to approve this application

for another house to be built on land which is not suitable in size or position with the only entrance being at number 16.

Thank you
