Categories: Green Category

Lisa,

StatMap GIS shows 2 trees protected by TPO situated at this property, which has presumably triggered this consultation request to me. However, these trees appear no longer to be present, and anyway were at the front of the property and the application is for a rear extension.

The site is within the Bagnall Conservation Area, but there are no trees of any significance which would be affected at all by the proposed extension.

I have no objection to this application. No tree protection conditions would be necessary in the event that planning permission is granted.

Steve Massey
