Dear Sir or Madam:

I can confirm I have been collecting or had deliveries of Calor Gas from the address below for over ten years. This is on a regular basis more frequent during the winter months. It is ideal for me and if the service were not available I would have to travel further a field every time I need a refill.

Dear Sir/ Madam

I have known Mr Jackson for over 20 years and been his neighbour for 15years. Over that time I have known him to run his business from his premises, including parking of caravans, lorries, storage of Gas bottles and his own machinery and vehicles as and when required to do so. I confirm this to be accurate information and have known him to do this for no less than 15 years.

Yours Sincerely

D Appleby 10.03.09

Mr David Appleby

Attention of Mrs S Hatton

Dear Sirs

Town & Country Planning (Enforcement Appeal)
(Public Inquiry)

Location: Land adjacent to 459 Uttoxeter Road
Blythe Bridge, Staffs Moorlands

Reference your letter dated 10 March 2009, we have been neighbours of Mr Jackson for approximately 30 years and owns the land at the above address and during this time he has always stored vehicles and trailer-caravans and sold gas also and this has presented no problems whatsoever.

We trust the above explanation is satisfactory.

Yours faithfully

Mr T & Mrs B Barber

12 Chestnut Crescent
Blythe Bridge
Stoke on Trent

2nd April 2009

To Whom it may concern

Dear Sir / Madam

I have known Mr Jackson for over 40 years. After the loss of the family farming business, due to the compulsory purchase of the land for the construction of the A50 road, he set out to build up an alternative business on the land that was left so that he could support his family.

For over 20 years he has run his plant hire business from his premises. As well as parking for his own plant hire machinery on the yard there have been numerous lorries, including Council maintenance vehicles, using the land for parking purposes.

In the early 1990's I started to store my caravan (when not in use) in the plant hire yard alongside the plant machinery and other vehicles that were parked up.

During this time I have also purchased bottled camping gas, for use in my caravan, from Mr Roberts who runs a small camping gas business from Mr Jacksons yard.

Yours faithfully

S P Fox

To Whom It May Concern:

Reference: David Jackson, 459 Uttoxeter Road, Blythe Bridge, Staffs (Jacksons Plant Hire Yard).

I can verify that G & S J Johnson have been carrying out repairs to plant machinery and lorries at the above address for over the last 15 years and in that time to my knowledge there have been numerous items stored in the yard i.e. containers, gas bottles, aggregate products, caravans etc.

Please do not hesitate to contact us if you require any more information regarding this matter.

Regards,

Gary Johnson
Director

9 April, 2009

Dear Sir,

When we purchased the land in August 2007 adjacent to 459 Uttoxeter Road, Blythe Bridge for my new dwelling, the land surrounding was being used as a contractor's yard for the parking and storage of various commercial vehicles, including plant and caravans. Mr Jackson assured us, at that time, the caravans were being removed and this did subsequently happen.

Additionally gas bottles were being stored on the land we purchased and these were moved to the opposite side of the building from which a gas equipment company was and still is being run.

I was also approached by Mr Jackson with regard to the existing brick building to the rear of our land which he proposed to clad in metal sheeting in an effort to make it more "tidy", I agreed that this would not be a problem.

Yours sincerely

Mr M A Scott
