Submission: Objection
Comments: I am objecting the planning proposal at 38 Churchill Avenue SMD/2020/0467 for the following reasons:

I do not feel the proposal has demonstrated an acceptable impact on the character of the street.

The proposed elevation is not in keeping with neighbouring properties.

The proposed front design is not in keeping with neighbouring properties.

The height of the roof is proposed to be around double the height of the current roof. Therefore, the proposed roof height means the visual amenity and visual impact on the street and surroundings are damaged as a result, for both neighbouring properties and those who visit the area.The street scene is further damaged as a result of all of the above.
