Dear Mr. Hurst,

Further to your visit on the 26th November, I am writing to advise you that I have not received any correspondence concerning the proposed building development at "Town Head Farm".

I imagine this, as you suggested, is due to the distance being above the limit where separate notification is required.

However, I have since spoken to Mr and Mrs Tilleston, and I do not have any concerns regarding their plans, rather I think it will give a pleasing appearance.

In conclusion, I do trust that your visit provided you with a more expansive view of the intended development and its impact.

Yours sincerely,

(Mr. D.J. Hammond)
