Re Proposed development

The proposed change of use of part of the residential curtilage into a residential building plot was discussed at great lengths within the Parish Council meeting.
It was felt that more extensive details were definitely needed in order to establish the positioning of any future residential building, this would help to clarify that
the surrounding area could cope with an infill and not be harmful to any of the neighbouring properties. As it stands at the moment we feel that we could not
support any development on this site until more detailed plans have been received.
We trust you will take into consideration the points raised.

Clerk to Bradnop Parish Council
