Submission: Neither
Comments: I have seen a retrospective planning application at the above address although I have not been consulted by SMDC directly by post. My property is directly opposite the premises in question and the outbuilding is visible to us. I would say that the addition to the existing building is beneficial to the immediate area. We have problems in the area with vermin and I fully understand the need to protect horse feed and vehicles alike. The original building was certainly old and in need of modernisation.
