Dear Sir/Madam,

We are writing with regards to the above application with regards to the Removal of Condition 12 (site operation times) of 08/01675/FUL_MJ on the grounds of the disruption it will cause in the community. Because the site is located in the valley any noise and disturbance will be amplified many times over and considering that most of the people living close by are either well over retirement age or families with young children night time work will cause undue anxiety and distress.

We therefore hope that you will take these points and the consideration of those of us living close by into account in your deliberations.

Yours faithfully
Malcolm and Mary Phillips
