Hi Chris,

There is no real reference to the LB nor is any potential impact looking to be assessed despite its close proximity.

I can't really pass in depth comment at this time for heritage without the indication an appropriate HS and or HIA will be provided meeting NPPF requirements. If they aren't provided and an application is still pursued I will be looking to object based on lack of supporting information provided.

I note the other applications they've submitted and have had refused don't explore this either with no comments from my predecessor present.

Best
