Dear Sir/Madam,

Ref: SMD/2023/0037

4372_Blythe Bridge Uttoxeter Rd Tesco Express - Lighting Assessment
Blythe Bridge, Staffordshire ST11 9QA United Kingdom

At our Tesco Express store in Blythe Bridge Uttoxeter Rd, we are proposing the following signage:

- 3nos. Externally Illuminated Fascia Sign – 350 cd/m2 (Static)
- 2nos. Non-Illuminated Fascia Sign.
- 1nos. Externally Illuminated Projecting Sign – 350 cd/m2 (Static)
- 5nos. Non-Illuminated Di-bond Panels

The Illumination is as per the Existing condition. Hence, there will be no further impact or increase to the existing lighting levels, therefore a lighting assessment has not been completed or uploaded.

The above will be completed under controlled, safe condition under the inspection of a project Principal Designer, taking into account access via customers, colleagues or deliveries being of as minimal impacts as reasonably possible.

Kind Regards

Andy Horwood
