Dear Sir/Madam

Re: Consultation - Screening option for Solar Farm.

New Buildings , Solar Farm , Sandon Road, Hilderstone,

I am writing to you in connection with your consultation relating to the above development received on 12/04/2023

East Staffordshire Borough Council has no objections to the proposal as submitted, and trust that the cumulative impacts of the nearby solar farms will be taken into consideration.

It is also noted that part of the application site falls within East Staffordshire Borough Council's area, however, a formal screening opinion requested has not been received by ourselves. I would be grateful if you could contact the agent to make sure that they are aware that a screening request should be made to both Authorities and that should any application be forthcoming in the future this should be submitted to both Authorities. It is noted that the fee would be payable to Staffordshire Moorlands District Council as that is where the majority of the site lies.

Yours faithfully

Lisa Bird
