Comments: I object to this planning due to the following issues:

-Basford view is a single track with minimal passing points, this will cause more issues more the current residents

-the track is in a state of disrepair and is not an adopted highway and more cars will cause more issues. The track has caused damage to my car and more cars will cause more damage to the track and therefore cars.

-the proposed driveway is well screened. This will cause difficulty when coming down the track as you won¿t be able to see cars coming out of the driveway. There are many walkers who use this track and having children this is a big concern.
