Subject: Re: Feedback Cheadle Equestrian

Good morning,

Having viewed Cheadle Equestrian last Friday my thoughts are that it will require investment in some areas to bring it up to a standard that I would be happier with.

The Equestrian Occupancy clause is a hindrance to us. As we would not need the house as a primary residence we would look ideally to rent it out, therefore if there were any way of removing this it may make it a more viable option.

We are continuing to look over the figures to see whether running it as a livery yard would be possible although my husband is away on business all this week.

Kind regards
Michelle Hydon
