Submission: Neither
Comments: I am commenting to evidence my support for this planning application, after reviewing the plans I feel they have been done in keeping with the close and taking into account the neighbours light/views. Knowing the family who reside at the property and the care/ attention taken to consider their neighbours and the close they live in. I can hand on heart say they plan to live in the area long term and therefore it would sever no purpose not to take other¿s into account. The architect has ensured the plans are accommodating to these needs. With the proposed development adjacent to the fields it would be poor taste to not approve such an extension for a family whom need more room than risk loosing, respectful neighbours.
