We regularly walk down Mollatts Wood Road when we have our narrow boat moored on the canal. We¿ve regularly chatted with Mr and Mrs Walker over the past 2 or 3 months and commented what a fantastic job they¿ve done since they bought the stables.

Prior to them owning the stables the area was absolutely littered with rubbish and what looked like, redundant assets of sorts. It¿s been an unsightly blight on this lovely area for several years.

Mr and Mrs Walker have clearly worked very hard and having now read the design statement I feel it would benefit the area greatly as they are bringing 4 alpacas and a llama into the area which are going to prove a huge attraction for fellow walkers of the Staffordshire Way.

I support this application as it is already improving the open aspect of the greenbelt and the plan of dwelling looks very fitting too.

Mr Peter Evans
