Application no: SMD/2017/0665

Determined on: 08/12/2017

Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015 (as Amended)

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:
Land East Of BELLE VUE ROAD LEEK STAFFORDSHIRE

Description of Development:
To erect 1 single detached dwelling

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
Reason:-
To comply with the provisions of Section 51 of the Town and Country Planning, Planning and Compulsory Purchase Act, 2004.

2. The development hereby permitted shall be carried out in accordance with the following amended approved plans:

2017/08/01
Amended Elevations Drawing received on 29.11.17: 2017/08/02

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

2017/08/03

Reason:-
For the avoidance of doubt and in the interests of proper planning.

3. Before the commencement of works, details of the type, colour and texture of all elevational and roofing materials shall be submitted to and approved in writing by the Local Planning Authority in writing and the agreed materials shall be implemented in the construction of the approved development.
Reason:-
In the interests of the appearance of the area.

4. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that order with or without modification), no development as specified in Part 1 Class(es) A, B, C, D, E and F and Part 2 Class A shall be carried out without express planning permission first being obtained from the Local Planning Authority.
Reason:-
To enable the Local Planning Authority to control the development and so safeguard the character and visual amenities of the area and to protect the residential amenities of neighbouring residents.

5. The development hereby permitted shall not be commenced until full details of both hard and soft landscape proposals have been submitted to and approved in writing by the Local Planning Authority and these works shall be carried out as approved. These details shall include:
- Means of enclosure
- Hard surfacing materials
Soft landscape details shall include:
- Planting plans
- Written specifications (including cultivation and other operations associated with plant and grass establishment)
- Schedules of plants, noting species, planting sizes and proposed numbers/densities where appropriate
- Implementation timetables
Reason:-
To ensure the appropriate landscape design and in the interests of the visual and residential amenities of the area.

6. The implemented planting scheme shall be subsequently properly maintained in accordance with good horticultural practice; any plants which are removed, die, become diseased or otherwise fail to establish within 5 years of planting shall be replaced during the next available planting season and the replacements themselves shall then be properly maintained.
Reason:-
To ensure the appropriate landscape design and in the interests of the visual and residential amenities of the area.

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

7. Unless prior permission has been obtained in writing from the Local Planning Authority, all noisy activities shall be restricted to the following times of operations.

08:00 - 18:00 hours (Monday to Friday);
08:00 - 13:00 hours (Saturday)
No working is permitted on Sundays or Bank Holidays.

In this instance a noisy activity is defined as any activity (for instance, but not restricted to, building construction/demolition operations, refurbishing and landscaping) which generates noise that is audible at the site boundary.
Reason:-
To avoid the risk of disturbance to neighbouring dwellings from noise during unsocial hours.

8. No top soil is to be imported to the site until it has been tested for contamination and assessed for its suitability for the proposed development. A suitable methodology for testing this material shall be submitted to and agreed in writing by the Local Planning Authority prior to the soils being imported onto site. The methodology shall include the sampling frequency, testing schedules, criteria against which the analytical results will be assessed (as determined by the risk assessment) and source material information. The analysis shall then be carried out and validatory evidence submitted to and approved in writing by the Local Planning Authority.
Reason:-
To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management of those risks.

9. Development shall not commence until a site risk assessment has been undertaken to assess the nature and extent of any contamination on the site, in accordance with a scheme to be agreed in writing with the Local Planning Authority. Once completed, a written report of the findings and recommendations shall be submitted to and approved in writing by the Local Planning Authority. If the site risk assessment indicates that potential risks exist, development shall not commence until a detailed remediation strategy to bring the site to a condition suitable for the intended use has been prepared and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme and prior to bringing the development into first use, a verification report that demonstrates the effectiveness of the remediation carried out must be produced, submitted and approved in writing by the Local Planning Authority. If, during the course of development, any contamination is found which has not been identified in the site investigation, additional measures for the remediation of this source of contamination shall be submitted to and approved in writing by the Local Planning Authority. The remediation of the site shall incorporate the approved additional measures.
Reason:-
To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

of those risks.

10. The development hereby approved shall not commence until a Construction and Environmental Method Statement has been submitted to and approved in writing by the Local Planning Authority. The Construction Method statement shall include the following details:-
I. A scheme to minimise dust emissions arising from demolition/construction activities on the site. The scheme shall include details of all dust suppression measures and the methods to monitor emissions of dust arising from the development.
II. Details of wheel washing facilities. All demolition/construction vehicles shall have their wheels cleaned before leaving the site;
III. a scheme for recycling/disposal of waste resulting from the demolition/construction works; Once approved all relevant activities on the site shall be carried out in accordance with the approved Construction and Environmental Method Statement throughout the course of the development. Any alteration to this Method Statement shall be approved in writing by the Local Planning Authority prior to commencement of the alteration.
Reason:-
To protect the amenities of the area from dust

11. Any waste material associated with the demolition or construction shall not be burnt on site but shall be kept securely for removal to prevent escape into the environment.
Reason:-
To protect the amenities of the area.

12. Notwithstanding any details shown on the approved plans no development shall be commenced until revised access details indicating the following have been submitted to and approved in writing by the Local Planning Authority:
- parking bays of adequate layout and width supported by autotracking;
The access shall thereafter be constructed in accordance with the approved details and be completed prior to first occupation and shall thereafter be retained as such for the lifetime of the development.
Reason:-
In the interests of highway safety.

13. The development hereby permitted shall not be brought into use until the amended access drive rear of the public highway has been surfaced and thereafter maintained in a bound and porous material for a minimum distance of 5m back from the site boundary in accordance with the approved plans.
Reason:-
In the interests of highway safety.

14. The bathroom and dormer window(s) in the rear elevation shall be fitted with fixed (i.e. non opening) lights and shall be installed with obscured glazing. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or as subsequently may be amended or re-enacted) this/these window(s) shall not be altered so as to contain any opening lights or be re-glazed with any transparent materials or enlarged or otherwise altered, nor shall any additional door, window or other opening be

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

formed in that elevation unless a further planning permission has first been granted on application to the Local Planning Authority.
Reason:-
In the interests of neighbour amenity

Informatives

1. This is considered to be a sustainable form of development and so complies with the provisions of the NPPF.

2. The footway adjacent to the site linking Belle Vue to Mill Street is an adopted footway. Whilst this route is not directly affected by the proposed development the attention of the developer should be drawn to the status of the path and to the requirement that any planning permission given does not construe the right to divert, extinguish or obstruct any part of the public path. The applicants should be reminded that the granting of planning permission does not constitute authority for interference with the path or its closure or diversion. It is important that users of the path are still able to exercise their public rights safely and that the path is reinstated if any damage to the surface occurs as a result of the proposed development.

3. The proposed parking bays are standard sized bays but restricted by a fence, folding gates and approx 3.2m wide access road. Two bays are shown, but only usable by one vehicle as the layout stands. A 3-bed dwelling should ideally have 2 spaces. Autotracking should be used to determine the adequate width.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at buildingcontrol@staffsmoorlands.gov.uk

2. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.

3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
   (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
   (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
   (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
   (b) Variation to the approved plans will require the submission of a new planning application.

6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

8. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

9. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

10. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
13.
