Comments: We have recently moved from Parkside Farm Foxt .as long has I have lived in Foxt which is many years the shed has always been there this shed being there for approximately 46 years ,the shed is bolted together in sections it has been improved and it is not an eyesore to the village in any way

On the opposite side of the road from the shed there are 4 lorry containers these are not in use .1 inperticuler is 2 meters from an old lady¿s bungalow she now can not see out of her window now theses are very decumental to the village in as much we could now not consider entering the best kept village ,At the other end of the village there is a garage twice as big I wonder did that have Planning consent has this is a very simmerler construction. Yours Sincerely Howard Mycock.
