

Proposed Part Site Plan 1:100

Pr. Side Elevation (Part Boundary) Looking North Along Congleton Road 1:50

Extract from Planning Portal Website

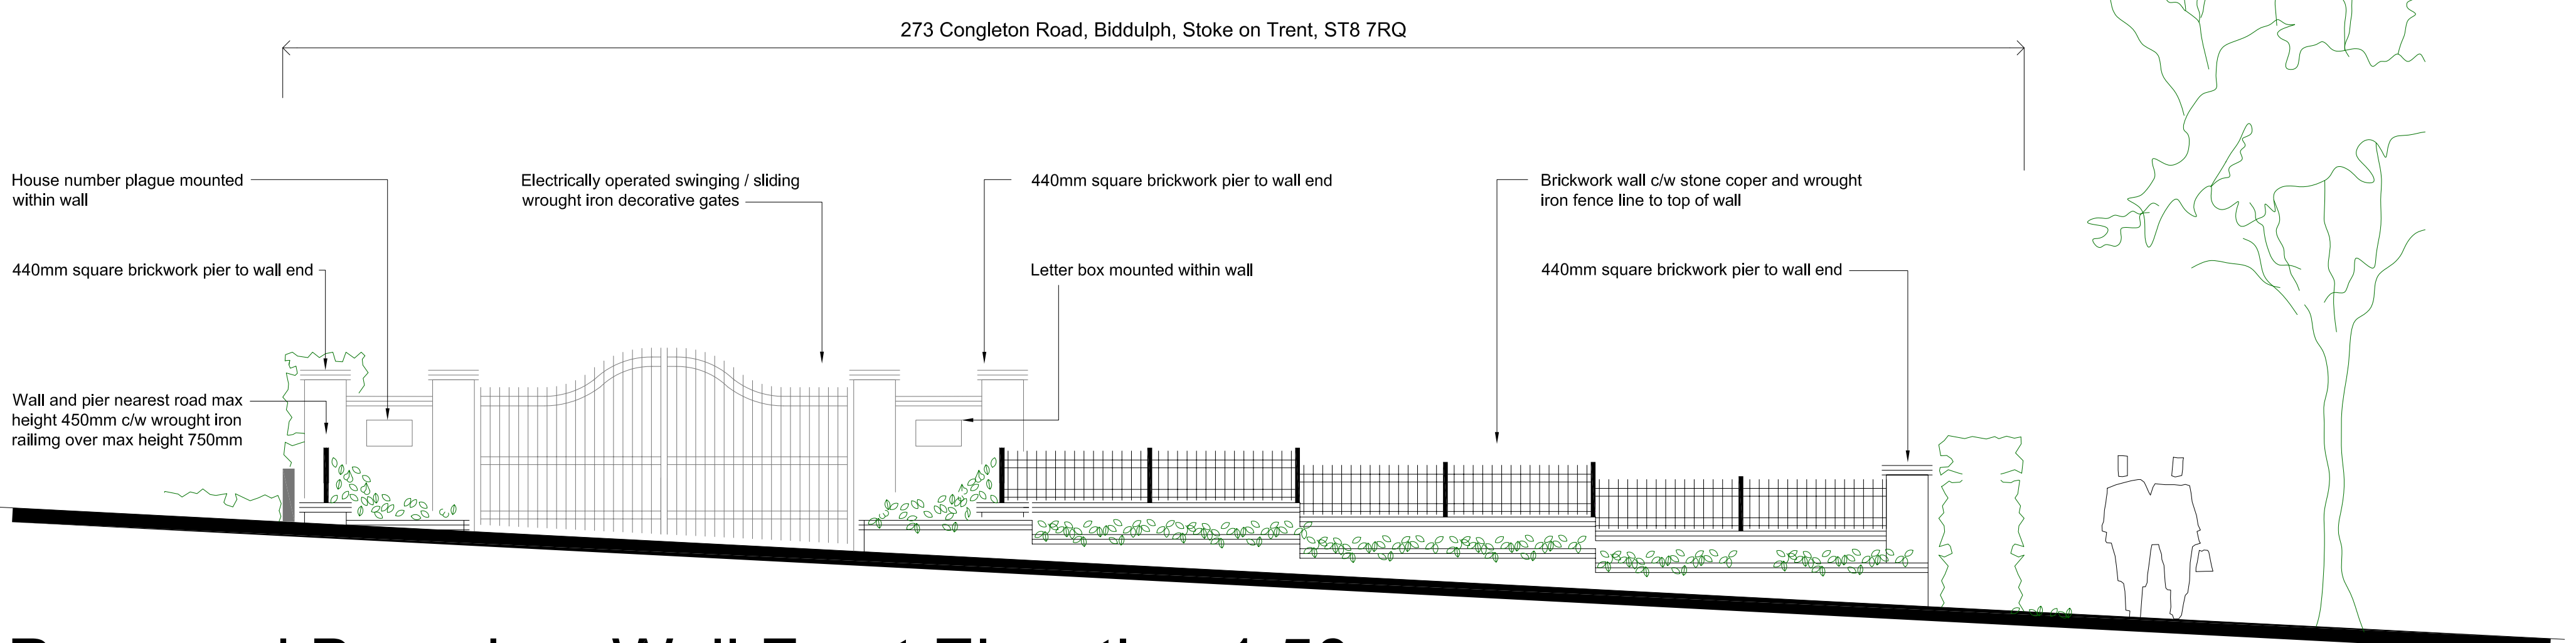

You will need to apply for planning permission if you wish to erect or add to a fence, wall or gate and:

(1) it would be over 1 metre high and next to a highway used by vehicles (or the footpath of such a highway); or over 2 metres high elsewhere; or your right to put up or alter fences, walls and gates is removed by an article 4 direction or a planning condition; or your house is a listed building or in the curtilage of a listed building.

(2) The fence, wall or gate, or any other boundary involved, forms a boundary with a neighbouring listed building or its curtilage.

(3) You will not need to apply for planning permission to take down a fence, wall or gate, or to alter, maintain or improve an existing fence, wall or gate (no matter how high) if you don't increase its height. In a conservation area, however, you might need planning permission for relevant demolition in a conservation area to take down a fence, wall or gate.

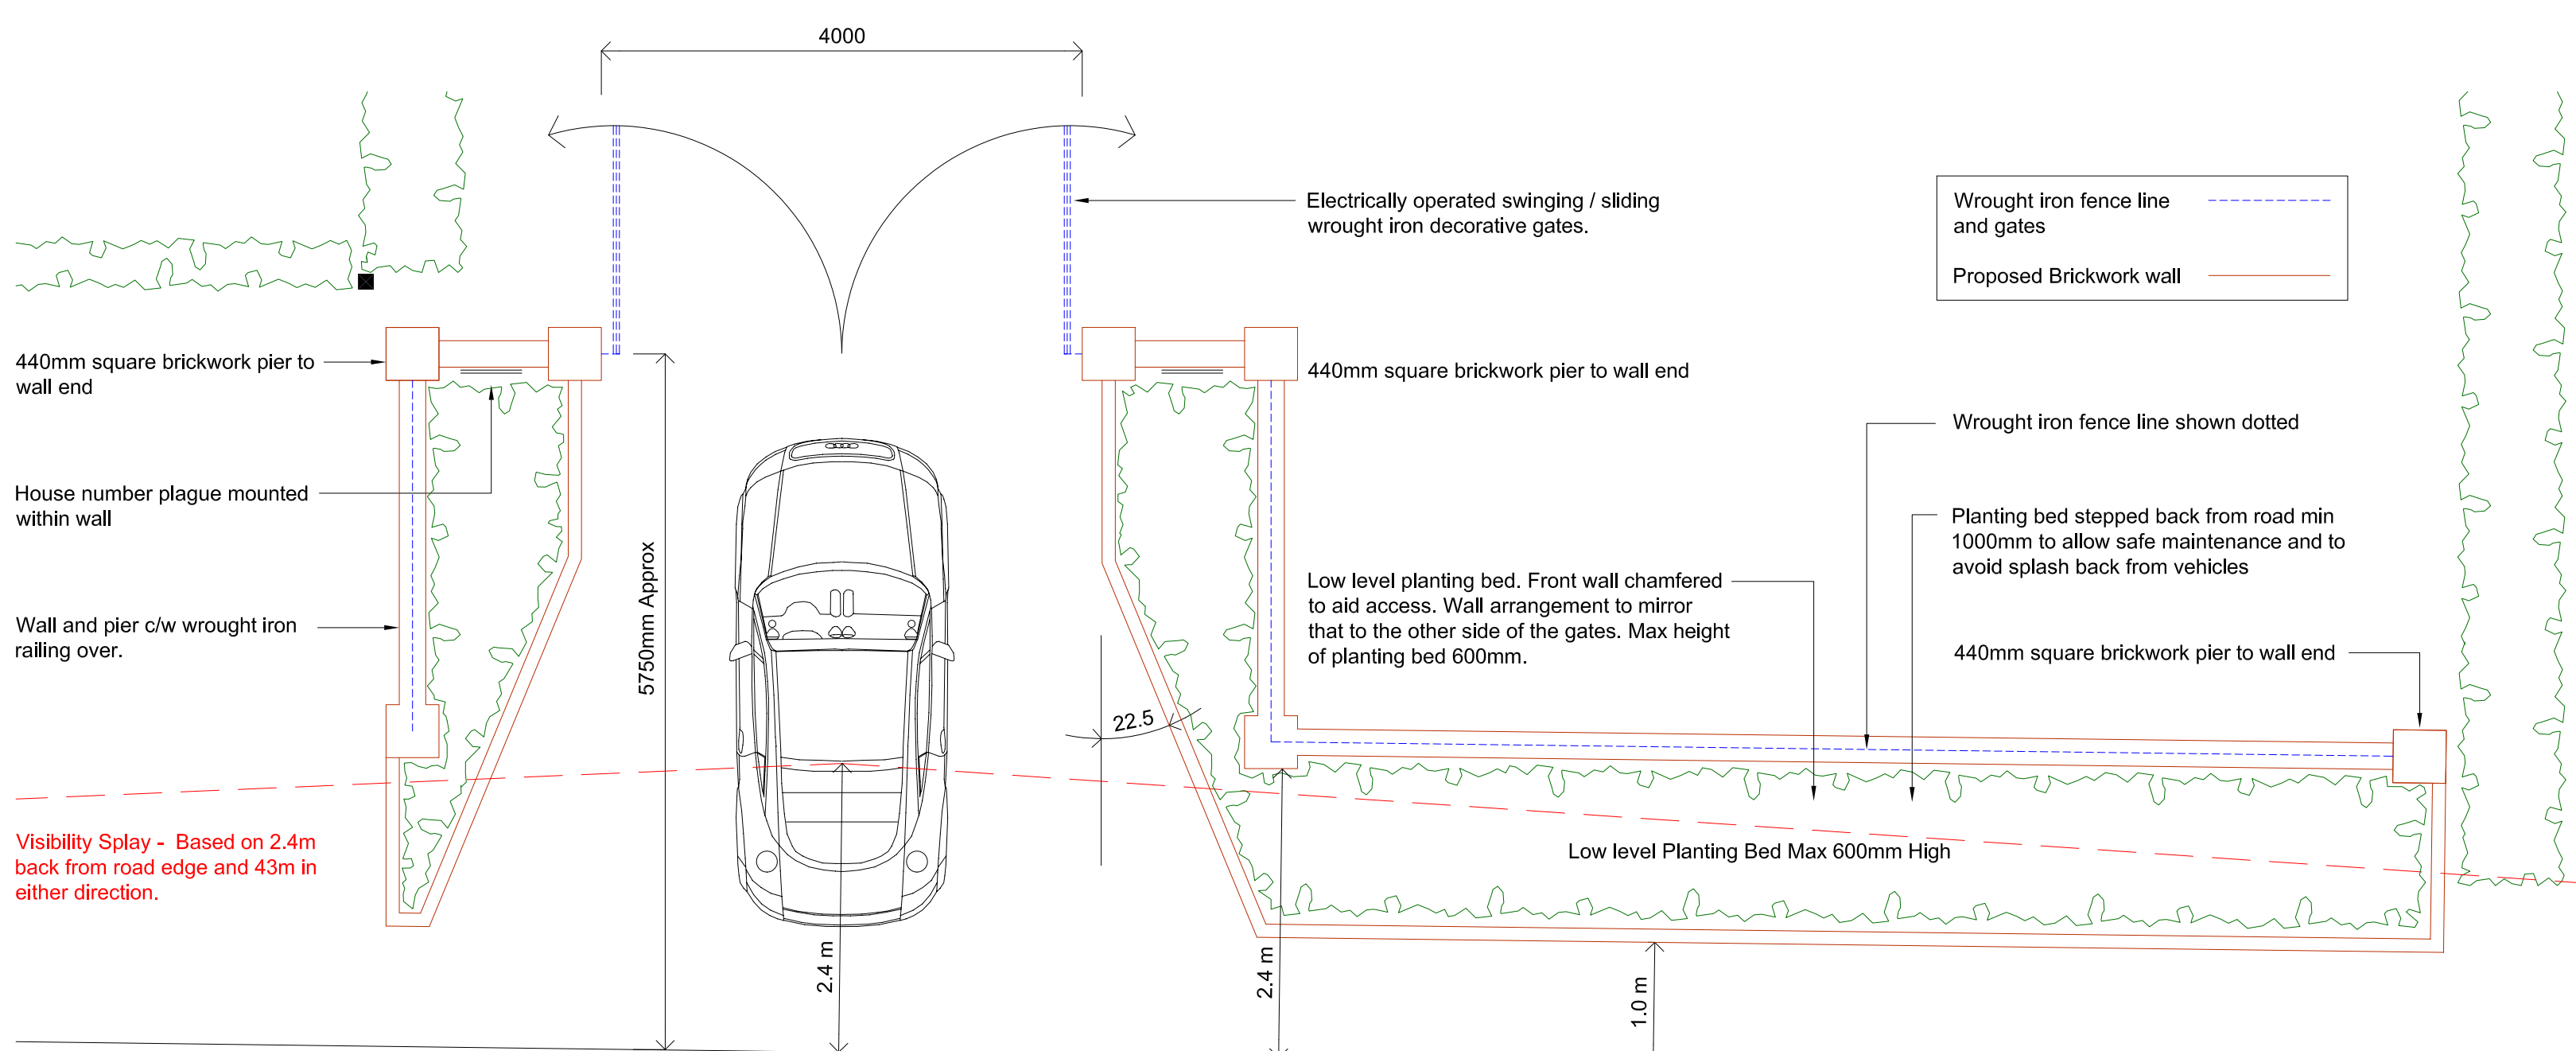

(4) You do not need planning permission for hedges as such, though if a planning condition or a covenant restricts planting (for example, on "open plan" estates, or where a driver's sight line could be blocked) you may need planning permission and/or other consent.

Proposed Boundary Wall Front Elevation 1:50

For Planning Approval Purposes Only

All dimensions, construction details and specification details contained on this drawing are for Planning Approval purposes only. All are to be checked and agreed on site with Client / Building Inspector as applicable prior to construction.
