Application no: SMD/2018/0107

Determined on: 23/04/2018

Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015 (as Amended)

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:
82-84 Land to the rear of High Street, Cheadle, Staffordshire

Description of Development:
A pair of two bed residential properties (semi-detached).
Alternative scheme to the previously approved application SMD/2013/0802.

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
Reason:- To comply with the provisions of Section 51 of the Town and Country Planning, Planning and Compulsory Purchase Act, 2004.

2. The development hereby approved shall be carried out in accordance with the following submitted plans and subject to the following conditions and/or modifications:-

18-543-01;

18-543-02;
18-543-03 Rev A;
18-543-04;
18-543-05;
18-543-06.

Reason:- For the avoidance of doubt and in the interests of proper planning and in accordance with the National Planning Policy Framework.

3. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking and re-enacting that order with or without modification), no development as specified in Part 1 Class(es)A, B, C, D, E, F, G and H and/or Part 2 Class(es) A, B and C, D, E and F, other than those expressly authorised by this permission, shall be carried out without express planning permission first being obtained from the Local Planning Authority.
Reason:- To enable the Local Planning Authority to control the development and so safeguard the character and visual amenities of the area, and to ensure that adequate private open space is retained within the curtilage of the building.

4. The development hereby permitted shall not be commenced until samples/details of the types and colours of all facing materials and hard surfaces have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details. and retained for the lifetime of the development.
Reason:- To ensure that the external appearance of the development is satisfactory.

5. Notwithstanding the above approved plans and prior to the commencement of works on the site, details of the following shall be submitted to and approved in writing by the Local Planning Authority;

- Joinery for all windows and doors (painted finish - colour details to be submitted);
- Cills and lintels;
- Eaves and verges;
- Porches;
- Rainwater goods.

The development shall then be carried out in full accordance with the approved details prior to first occupation and shall be retained for the lifetime of the development.
Reason:- In the interests of visual amenity and good design.

6. The development hereby permitted shall not be commenced until details of all walls/fences and/other means of enclosure have been submitted to and approved in writing by the Local Planning Authority. The approved details shall be completed prior to the occupation of any of the buildings on the site.
Reason:- To provide adequate privacy and an acceptable external appearance.

7. The development hereby permitted shall not be commenced until details of the existing and proposed levels across the site and relative to adjoining land, together with the

finished floor levels of the proposed building(s), have been submitted and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved levels and there shall be no variation in these levels without the written approval of the Local Planning Authority.
Reason:- In order to ensure the satisfactory appearance of the development and its relationship to adjoining properties.

8. Prior to the commencement of development, landscaping details shall be submitted to and approved in writing by the Local Planning Authority. The agreed scheme shall be fully implemented before the end of the first dormant season (November to February inclusive) following completion of the development hereby approved. Any trees/shrubs/flowers to be planted in accordance with the landscaping scheme shall be properly maintained for a period of 5 years following planting. Any plants which within this period are damaged, become diseased, die are removed or otherwise fail to establish shall be replaced during the next suitable season.
Reason:- In the interests of visual amenity and in accordance with the submitted scheme.

9. The development hereby permitted shall not be brought into use until the access to the site, including kerbline, within the limits of the public highway has been reconstructed in accordance with details to be first submitted to and approved in writing by the Local Planning Authority. The access shall thereafter be reconstructed in accordance with the approved details.
Reason:- in the interests of highway safety and to protect and reinstate the fabric of the highway following construction works.

10. The development hereby permitted shall not be brought into use until the parking and turning areas have been provided in accordance with the approved plans. The parking and turning areas shall thereafter be retained unobstructed as parking and turning areas for the life of the development.
Reason:- In the interests of highway safety.

11. Prior to the commencement of development, details of any site access gates shall be submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in full accordance with the approved details prior to first occupation of the dwellings hereby permitted.
Reason:- In the interests of visual amenity.

12. No mud or deleterious material shall be deposited on the public highway. Any mud or deleterious material that is deposited on the highway shall be immediately removed using mechanical means.
Reason:- In the interests of highway safety.

13. Unless prior permission has been obtained in writing from the Local Planning Authority, all noisy activities shall be restricted to the following times of operations.

- 08:00 - 18:00 hours (Monday to Friday);
- 08:00 - 13:00 hours (Saturday)

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

- No working is permitted on Sundays or Bank Holidays.

In this instance a noisy activity is defined as any activity (for instance, but not restricted to, building construction/demolition operations, refurbishing and landscaping) which generates noise that is audible at the site boundary.
Reason:- To avoid the risk of disturbance to neighbouring dwellings from noise during unsocial hours.

14. The development (including any demolition) hereby permitted shall not take place until a Construction and Environmental Method Statement has been submitted to and approved in writing by the Local Planning Authority. The Construction Method statement shall include the following details:-

I. A scheme to minimise dust emissions arising from demolition/construction activities on the site. The scheme shall include details of all dust suppression measures and the methods to monitor emissions of dust arising from the development.

II. Details of wheel washing facilities. All demolition/construction vehicles shall have their wheels cleaned before leaving the site;

III. a scheme for recycling/disposal of waste resulting from the demolition/construction works;

Once approved, all relevant activities on the site shall be carried out in accordance with the Construction and Environmental Method Statement throughout the course of the development. Any alteration to this Plan shall be approved in writing by the Local Planning Authority prior to any deviation from it.
Reason:- In the interests of amenity.

15. i. No development, shall take place until a site risk assessment has been undertaken to assess the nature and extent of any contamination on the site, in accordance with a scheme to be agreed with the Local Planning Authority. Once completed, a written report of the findings and recommendations shall be submitted to and approved in writing by the Local Planning Authority.

ii. If the site risk assessment (i) indicates that potential risks exist, development shall not commence, until a detailed remediation strategy to mitigate the identified risks and ensure the site is remediated to a condition suitable for the intended use has been be submitted to and approved in writing by the Local Planning Authority.

iii. The agreed remediation strategy (ii) shall be adhered to throughout the development.

iv. Following completion of the site remediation and prior to bringing the development into first use, a verification report that demonstrates the effectiveness of the remediation carried out must be submitted to and approved in writing by the Local Planning Authority.

v. If, during the course of development, any contamination is found which has not been

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

identified in the site investigation, additional measures for the remediation of this source of contamination shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures.

Reason:- To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management of those risks.

16. No top soil is to be imported to the site until it has been tested for contamination and assessed for its suitability for the proposed development, a suitable methodology for testing this material shall be submitted to and agreed in writing by the Local Planning Authority prior to the soils being imported onto site. The methodology shall include the sampling frequency, testing schedules, criteria against which the analytical results will be assessed (as determined by the risk assessment) and source material information. The analysis shall then be carried out and validatory evidence submitted to and approved in writing to by the Local Planning Authority
Reason:- To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management of those risks.

17. Any waste material associated with the demolition or construction shall not be burnt on site but shall be kept securely for removal to prevent escape into the environment.
Reason:- To protect the amenities of the area.

18. Development shall not commence until a site specific scheme for protecting the proposed residential units from noise, has been submitted to, and approved in writing by the Local Planning Authority. The submitted scheme shall have due regard for the British Standard BS8233:2014 Guidance on Sound Insulation for Buildings and be designed to achieve noise levels of less than 35 dB LAeq in bedrooms, less than 40 dBLAeq in living areas and 55dB LAeq in outside living areas. A report shall be produced containing all raw data and showing how calculations have been made. A copy of such report shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be implemented prior to the first occupation of the dwellings hereby permitted.
Reason:- To protect occupiers from noise and safeguard their residential amenities.

Informatives

1. The application has been assessed against adopted Development Plan policies and any other material considerations. As the application is acceptable there was no need for any negotiations as advocated within the National Planning Policy Framework paragraphs 186-187.

2. This Permission does not confer on the Applicant the right to build on or over land owned by a third party without the third party's consent. You should therefore seek the prior agreement of your neighbour(s) before entering their land.

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

3. Attention is drawn to condition number 3 of this approval, the effect of which is to withdraw Permitted Development rights in respect of development which would otherwise not require planning permission. You are advised to contact the Local Planning Authority Development Control Section telephone 0345 605 3013 before undertaking any other development in the future in order to ascertain whether planning permission is required.

4. The works to reconstruct the access will require a permit to dig. Please contact Staffordshire County Council at Network Management Unit, Staffordshire Place 1, Wedgwood Building, Tipping Street, Stafford, Staffordshire, ST16 2DH. (or email to nmu@staffordshire.gov.uk)

5. Please be aware that the responsibility for safe development and secure occupancy of the site rests with the developer.

- A Demolition or refurbishment asbestos survey and risk assessment should be carried out prior to the demolition of the existing buildings. The enforcing authority for this type of work is the Health and Safety Executive (HSE) and it is recommended that you contact them directly to discuss their requirements: http://www.hse.gov.uk/

- Any approved noise scheme and measurements should pay due regard to British Standard BS8233: Sound insulation and noise reduction for buildings (Code of Practice), PROPG (Professional Practice Guidance 2017 IOA, ANC, BS4142:2014 Methods for rating and assessing industrial or commercial sound and/or the Building Regulations 2010 Document E or other appropriate guidance.

- Any approved foul drainage system should meet the British Standard 6297:2007+A1:2008: Code of practice for the design and installation of drainage fields for use in wastewater treatment http://www.bsigroup.com

- Advice on controlling flies and light can be found in: Statutory Nuisance from Insects and Artificial Light (defra 2005) available as a free download http://archive.defra.gov.uk/environment/quality/local/legislation/cnea/documents/statnuisance.pdf

- During any demolition and construction activities (including landscaping) the contractor shall take all reasonable steps to prevent dust formation and prevent any dust formed from leaving the site boundary.

- The control of dust and emissions from construction and demolition Best Practice Guidance, produced by the greater London councils http://www.london.gov.uk/sites/default/files/BPGcontrolofdustandemissions.pdf

- Building Research Establishment Guidance Document 'Control of Dust from Construction and Demolition Activities' (BR456)

- If required, contamination risk assessments shall be carried out in accordance with

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

UK policy and with the procedural guidance relating to the contaminated land regime, and should be in accordance with Planning Policy Statement 23 and the CLR Report Series 1-12.

- Submission of reports should also be made to the Environment Agency for comment with regard to their remit to protect ground and surface waters from pollution and their obligations relating to contaminated land.

- The Local Planning Authority will determine the acceptability of reports on the basis of the information made available to it. Please be aware that should a risk of harm from contamination remain post development, where the applicant had prior knowledge of the contamination, the applicant is likely to be liable under Part II (a) of the Environmental Protection Act 1990 and as such become and ""appropriate person"". In this event the applicant will be lawfully responsible to remove the risk posed by the contamination.

- Equally if during any site works a pathway for any contaminant on site is created and humans, waters, property or ecological systems are exposed to this, the applicant or those acting on behalf of the applicant will be liable under part II (a) of the Environmental Protection Act 1990 if the risks are not adequately addressed during the site redevelopment.

- During investigation and remediation works the applicant and those acting on behalf of the applicant must ensure that site workers, public property and the environment are protected against noise, dust, odour and fumes

- The applicant is advised that should there be a requirement as part of the Remediation Strategy to treat, reuse or remove contaminated material on the site, the Environment Agency must be consulted, as these activities may need to be licensed or permitted. Contaminated materials identified for removal off site must be disposed of in an appropriately licensed landfill site.

- Staffordshire Moorlands District Council is keen to liaise with all stakeholders involved in this application. As such, we recommend that a proposed scope of works is forwarded to the Environmental Protection Department and agreed in principle prior to site investigation works being undertaken. The Environmental Protection Department is also prepared to review draft copies of reports prior to final submission to the Planning Department in order to ensure that works undertaken are sufficient to discharge the contaminated land conditions.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at BControl@staffsmoorlands.gov.uk

2. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.

3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
   (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
   (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
   (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
   (b) Variation to the approved plans will require the submission of a new planning application.

6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12

Simon W. Baker B.Ed MBA MIMSPA
Chief Executive

weeks of the date of this notice.

9. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

10. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
