Comments: Re. SMD/2018/0306 - Opening to create external door in kitchen to provide access from the kitchen to the rear garden via an existing side path.

I am writing in reference to the above application. We are the owners of 56 Cheadle Road, the house immediately overlooked by 56A Cheadle Road, the home of Ms A Shenton.

Ms Shenton proposes to insert a door in the side elevation facing directly on to our home. The existing windows on her side elevation are all very small, narrow windows fitted with privacy glass, which means at present our privacy is not compromised.

The addition of a kitchen door into this side elevation does concern us, and we wish to insist - if planning permission is granted - that the lintel height of the new door does not exceed that of the existing window lintels, and that very opaque privacy glass is used (if glass is to be used at all).
