Comments: Having looked at the alternative plans for the proposed extension next door to us, we still feel that our skyline and light will be affected. Our outlook from the rear of our property i.e. our dining room, bedroom and bathroom are already quite dark and 'sky' restricted. We are already in a dip and our views from our patio area (which is the area of our garden that we spend most of our time) would be reduced and make the daylight and skyline even darker than it is at the moment.
