25 July 2018

Dear John Williamson

PLANNING APPLICATION: SMD/2018/0433

Proposed manege for private domestic use on existing equestrian land; 62 MILL HAYES ROAD, KNYPERSLEY, STAFFORDSHIRE, ST8 7PR

Thank you for your consultation notification of the 16 July 2018 seeking the views of The Coal Authority on the above planning application.

The Coal Authority Response: **Material Consideration**

I can confirm that the above planning application has been sent to us incorrectly for consultation.

The application site **does not** fall with the defined Development High Risk Area and is located instead within the defined Development Low Risk Area. This means that there is no requirement under the risk-based approach that has been agreed with the LPA for a Coal Mining Risk Assessment to be submitted or for The Coal Authority to be consulted.

The Coal Authority Recommendation to the LPA

In accordance with the agreed approach to assessing coal mining risks as part of the development management process, if this proposal is granted planning permission, it will be necessary to include The Coal Authority's Standing Advice within the Decision Notice as an informative note to the applicant in the interests of public health and safety.

Yours sincerely
