Dear Sir/Madam,

Ref. Planning Application Shire's Barn, Black Lamb, Whiston.

Although no request has come to us concerning our views on the above application, we do wish to make two comments in support of Mr. and Mrs Van Andriessen's letter.

1. We have no wish to oppose their view on the application for new windows, so long as they keep to the criteria for replacement windows in Grade 2 listed criteria.
2. We should like to make the point, however, that the parking area, as drawn on the plan as proposed, is not accurate. As drawn it appears that the total area is shown with an incorrect boundary. If this boundary is to be altered to take into our own piece of the area, then we are happy for the application to go ahead.

We hope that this information is helpful to you.

Yours faithfully,

(Mr)
