Comments: I wish to make the authority aware that this week alone there has been two further accidents in the immediate vicinity of the proposed Churchill Road junction for this development. In my previous correspondence I raised concerns about the existing problems here and how an additional junction will only add to the problem. This week another stationery vehicle has been badly damaged by a vehicle and incident involving two vehicles at the junction Harbourne/Churchill. On both occasions the road was blocked. I have raised the issue with both my town council and the county council to deal with the existing matter. I lodge this note to make you aware that this type of problem, is ongoing.
