

1. All levels and dimensions are to be checked on site before any work commences. All dimensions are in metres unless stated otherwise.
2. Any discrepancies shall be reported to the architect and/or engineer immediately, so that clarification can be sought prior to the commencement of works.
3. This drawing shall be read in conjunction with all other relevant architect and engineering details, drawings and specification.
4. All works are to be carried out in accordance with SCO 'Residential design guide - Appendix E - Highway Specification'.
5. On completion, the Contractor is required to carry out an as-built survey of the completed highway works.

GROUP

Drawing: 17001-234	Revision: E
-----------------------	----------------

This drawing illustrates the proposed carriageway alignment and associated chainages, and is to be read in conjunction with the PVI Increment Report, the longsection drawing series 17001-720 and cross-section drawing series 17001-770. For proposed dimensions and radii and setting out co-ordinates please refer to Motion drawing 17001-204.
