Comments: Planning permission was originally refused for a proposed industrial building on this farm land, however when walking down Puddy Lane recently I was met with a lorry carrying a skip. This Lane is NOT wide enough to accommodate this type of vehicular access. On McGuiness land which is accessed from Puddy Lane there were about 5 skips and a small digger parked, on the side of one of the skips I could see it said mcGuiness Metals Tel 503676.

I have also seen an additional one of these skips being used in the village.

My concern is that if planning is allowed this business will escalate and become established which would be disastrous for the area in which it is situated.
