PROPOSED CONSTRUCTION OF A DETATCHED GARAGE ON LAND ADJACENT TO 1 BADNALL CLOSE.

Dear Sir/ Madam,

I am writing to you in regards to the above said proposal and I would hereby like to raise my objections to the proposal.

As a resident of Badnall Close / Badnall Street I feel that in the last two years parking on the street has worsend considerably as young families have moved in to the neighbourhood, so more cars have appeared. As parking on the narrow street is only on one side, many residents have now had to park in neighbouring streets,some distance away from their homes. The local refuse collection sometimes struggle to get up and down the street in their lorry if there is a large vehicle parked at the side of the road.

Therefore if a garage was to be built this would then block up most of the street with building materials, machinery ect. Thus making parking even more difficult and limited, as although we have younger families, we still do have elderly people in the bedsits who need to be able to get near to there properties.

I would also like to point out that from my garden at the moment I can see the street and most of the neighbourhood if the garage was built all l would then see is the wall and roof of the garage thus blocking my view. Which i feel is unacceptable as i am quiet fond of the view I have.

I am a little confused as to why Mr D Fuller is on the proposal as he does not live in the area ,but lives over 20 miles away in neighbouring Derbyshire, this must only be because Ms S J Walmsley has already had an application for the above rejected previously.

I would be most grateful if you could give my objections your upmost consideration, as I feel that the building of it would cause caoss on the street and I would loose my view of the neighbourhood. Which would be most upsetting

Yours sincerly

Mrs J Gilbert (Resident of Badnall Close)
