Submission: Objection
Comments: Unfortunately this proposal is based entirely on financial gain, which obviously happens, but squeezing a three bed home onto a busy main road, within the garden of another house is ridiculous . Planning might make sense if this building was an extension for a growing family or a granny flat, but this is a major development that will ruin the lives of at least four or five families..... Please remember this is a money making venture from an absentee landlord.....and on environmental grounds alone ,I object to to any movement of vehicles petrol or diesel parking, turning and perhaps even being repaired in close proximity to my rear patio area. I will hold the Council accountable for this.
