Comments: I am a resident of Tittesworth Estate and have concerns about the use of the land, Mr Grindey is self employed and has a large number of vehicles which are parked on the Estate, my concern is that if this land is used for the storage of work vehicles which includes tractors and trailers that this will end up looking like a farm yard and depreciate the value of homes on the estate, especially mine. Additionally there is no free space for the children on the Estate to play and this is one of the only areas that they children currently use to play.

Mrs Grindey has recently had an extension on her home, reducing the parking spaces available on this property, with the parking of tractors, trailers and vans overwhelming the estate.
