Submission: Objection
Comments: Yet another amendment? There are now SMD/2019/0310/0169/0004/0039 .?

Why?

Is this meant to confuse residents?

This one is in the name of Rowe? All others have related to keepmoat how can this party ask for variations to an application submitted by a different party..

Are the builders just trying to do whatever they wish? And build whatever they want! ,is planning being given the run around,? I think the residents are!
