

Front Elevation

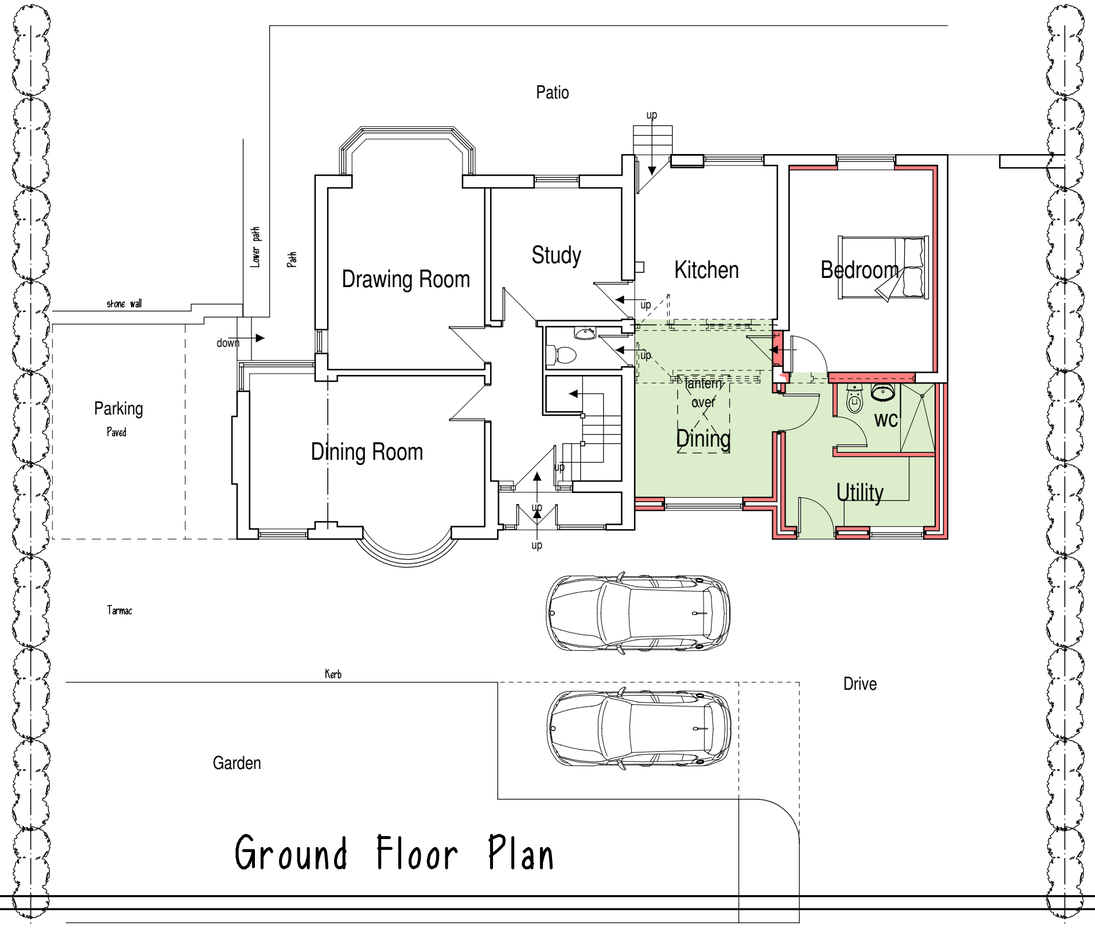

Rear Elevation

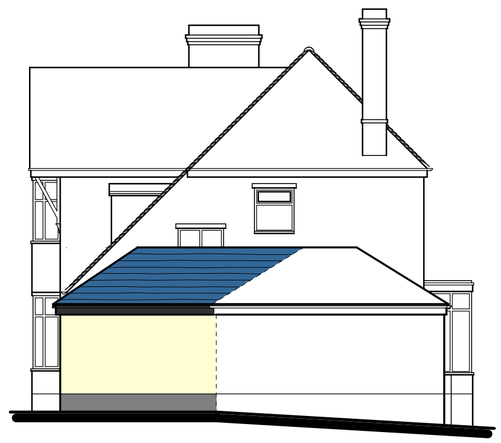

PROPOSAL SCHEME

It is proposed to extend the existing dwelling as indicated to create a ground floor bedroom and larger kitchen/diner by extending the existing hipped roof garage forward to the front line of the existing house and infilling the gap between the extended garage and house with a flat roofed structure including roof lantern. The existing garage is to be converted into a ground floor bedroom with the extended portion to the front utilised as laundry/shower room.

Materials utilised for this extension are to match the existing, i.e painted rendered walls and clay plain roof tiles to pitched roof. Lantern is to be powder coated aluminium finished in grey.Windows and doors shall be white painted timber.
